Autumnal Equinox

Fall begins Tuesday, September 22nd at 8:31p.m. CST. The Autumnal Equinox is defined as the point at which the

Sun appears to cross the celestial equator from north to south. The celestial equator is the circle in the celestial sphere halfway between the

celestial poles. Another definition of fall is nites of below-freezing temperatures combined with day of temperatures below 70 degrees Fahrenheit. The word equinox means "equal nite"; nite and day are the same length of time. The equinoxes are times when the Sun's apparent motion undergoes the most rapid change. Around the time of the equinoxes, variations in the position on the horizon when the Sun rises and sets can be noticed from one day to the next by alert observers.

The framers had been arguing constantly as they met in secret, but they had leaked reports to the press indicating that all was well. The Federalists [as they were called] argued thru June and most of July and reached an agreement on July 16. After deciding to leave out a bill of rights - because everyone was worn-out and they thought there was no need for such a list - the framers completed the final draft on September 17 and made it ready for submission to the states for ratification.

Shop Local

Here's what happens when you "shop local."

1. More of your money will be kept in the Blanchard economy: For every \$100 you spend at a locally owned businesses, \$68 will stay in Blanchard. What happens when you spend that same \$100 at a national chain? Only \$43 stays in the community.*

2. You embrace what makes Blanchard unique: You wouldn't want your house to look like everyone else's in the U.S. So why would you want your community to look that way?

3. You create local jobs: Local businesses are better at creating higher-paying jobs for your neighbors. When you shop locally, you help create jobs for teachers, firemen, police officers, and many other essential professions.

4. You help the environment: Buying from a locally owned business conserves energy and resources in the form of less fuel for transportation and less packaging.

5. You nurture community: Local business owners know you, and you know them. Studies have shown that local businesses donate to community causes at more than twice the rate of chains.

6. You conserve your tax dollars: Shopping in a local business district means

less infrastructure, less maintenance, and more money available to beautify the community. Also, spending locally instead of online ensures that your sales taxes are reinvested where they belong in Blanchard!

7. You create more choice: Locally owned businesses pick the items and products they sell based on what they know you like and want. Local businesses carry a wider array of unique products because they buy for their own individual markets.

8. You take advantage of their expertise: You are their friends and neighbors, and locally owned businesses have a vested interest in knowing how to serve you. They're passionate about what they do. Why not take advantage of it?

9. You invested in entrepreneurship: Creativity and entrepreneurship are what the American economy is founded upon. Nurturing local business ensures a strong community.

10. You made Blanchard a destination: The more interesting and unique Blanchard community, the more we will attract new neighbors, visitors and guests. This benefits everyone!

The City of Blanchard Municipal Code concerning public nuisances and property enhancement requires that owners or responsible persons of property located within the municipal city limits are prohibited from allowing debris, junk, waste or trash to accumulate, or weeds or tall grass over twelve (12") inches in height, dead trees, bushes, and shrubs to grow or stand upon the premises. 2020 Election

November 3rd ~ General Election

United States
**Census
2020**

This month is the last chance to be counted in the federal census!

Therefore, we need your help!!! The 2020 Census response rate is drastically low! To date, only 67% of Blanchard citizens have responded. Many of you may have not replied due to the Covid-19 pandemic.

To help improve our response rate, the City is opening the old City Hall at 114 W Broadway on **Wednesday, September 9th** from **9:00 AM** until **Noon**, to anyone in our area who has not yet been counted in the 2020 census. There will be volunteers on hand, wearing masks, to assist you in filing this critical paperwork. Critical community services, such as the school district, police, fire and other

related funding, will be drastically cut if we do not get a more accurate head count. At the current response rate, we stand to lose as much as over four million dollars annually for the next 10 years, if we do not get a more accurate census count.

However, you can still go online today at www.2020census.gov. Click on the "RESPOND" button and simply follow the questions to complete the report electronically. The national deadline is scheduled for the end of this month (**September 30th**), so please complete this ASAP!

Water Restrictions

Due to our water usage, the City of Blanchard is under mandatory odd/even watering (Stage 1) as required by Oklahoma City which is in effect until further notice.
