Autumnal Equinox

Fall begins
Wednesday,
September 22nd
at **2:21** p.m.
CST.

The Autumnal Equinox is defined as the point at which the Sun appears to cross the celestial equator from north to south. The celestial equator is the circle in the celestial sphere halfway between the celestial poles. Another definition of fall are nites of below-freezing temperatures combined with day of

temperatures below 70 degrees Fahrenheit. The word equinox means "equal nite"; nite and day are the same length of time. The equinoxes are times when the Sun's apparent motion undergoes the most rapid change. Around the time of the equinoxes, variations in the position on the horizon when the Sun rises and sets can be noticed from one day to the next by alert observers.

Citizenship Day

Formerly called Constitution Day, Citizenship Day will be observed on Friday, September 17th. However, September 17th marks the anniversary of the date in 1787 when the

final draft of the Constitution of the United States was signed by delegates to the Constitutional Convention after months of wrangling. The framers had been arguing constantly as they met in secret, but they had leaked reports to the press indicating that all was well. The Federalists [as they were called] argued thru June and most of July and reached an agreement on July 16. After deciding to leave out a bill of rights - because everyone was worn-out and they thought there was no need for such a list - the framers completed the final draft on September 17 and made it ready for submission to the states for ratification.

The Blanchard Fire Department is teaming up with the National Fire Protection Association® (NFPA®)—the official sponsor of Fire Prevention Week for more than 90 years—to promote this year's Fire Prevention Week™ campaign, "Learn the Sounds of Fire Safety™."

This year's campaign, **October 3-9th**, works to educate everyone about simple but important actions they can take to

keep themselves and those around them safe.

The Blanchard Fire Department encourages all residents to embrace the 2021 Fire Prevention Week theme.

The Blanchard Fire Department wants to share safety tips to help you "Learn the Sounds of Fire Safety"

- A continuous set of three loud beeps—beep, beep, beep—means smoke or fire. Get out, call 9-1-1, and stay out.
- A single chirp every 30 or 60 seconds means the battery is low and must be changed.
- All smoke alarms must be replaced after 10 years.
- Chirping that continues after the battery has been replaced means the alarm is at the end of its life and the unit must be replaced.
- Make sure your smoke and CO alarms meet the needs of all your family members, including those with sensory or physical disabilities.
