Due to an increase in water usage, Blanchard citizens are experiencing low water pressure and/or NO water at all.

Blanchard and Central Oklahoma is in a dry to moderate drought due to the extreme lack of rain in June. The City is experiencing a massive increase in water usage. This increase has had a negative impact on our system's water pressure.

Permits Required

Residents may experience an increase in door-to-door sales associates. If you do encounter a solicitor at your door, they are required to have a permit from the City of Blanchard. These permits are required because they allow the City to perform background checks on applicants, which then allows the City to approve or

deny the permit request. Not only are solicitors required to carry the permit on them at all times, they are also restricted to go door-to-door from 9 a.m. to 8 p.m., Monday through Saturday. Residents who wish to have no interaction with solicitors are asked to display "No Solicitation Allowed" or "No Peddlers Allowed" sign that can be easily visible. Have you filled out your 2020 Census? It's happening now. Do your part to make sure Blanchard is counted. If you misplaced your mailer, you can still complete the questionnaire at my2020census.gov or call (800)330.2020 any time between 6a.m. and 1a.m. It's important to include everyone who was living in your house on April 1, even if they are or were only temporarily living with you. The Census is the once-in-a-decade count of every living person in America. It counts everyone, regardless of citizenship and the government is required by law to protect your personal information.

Experts estimate each person who isn't counted in the census costs our community about \$1,675 in local federal funding per person every year for ten (10) years. This means if only half of the citizens of Blanchard responded, then we stand to lose \$64,236,250 over the 10 year period.
