Shop Local

Here's what happens when you "shop local."

1. More of your money will be kept in the Blanchard economy: For every \$100 you spend at a locally owned businesses, \$68 will stay in Blanchard. What happens when you spend that same \$100 at a national chain? Only \$43 stays in the community.*

2. You embrace what makes Blanchard unique: You wouldn't want your house to look like everyone else's in the U.S. So

why would you want your community to look that way?

3. You create local jobs: Local businesses are better at creating higher-paying jobs for your neighbors. When you shop locally, you help create jobs for teachers, firemen, police officers, and many other essential professions.

4. You help the environment: Buying from a locally owned business conserves energy and resources in the form of less fuel for transportation and less packaging.

5. You nurture community: Local business owners know you, and you know them. Studies have shown that local businesses donate to community causes at more than twice the rate of chains.

6. You conserve your tax dollars: Shopping in a local business district means less infrastructure, less maintenance, and more money available to beautify the community. Also, spending locally instead of online ensures that your sales taxes are reinvested where they belong in Blanchard!

7. You create more choice: Locally owned businesses pick the items and products they sell based on what they know you like and want. Local businesses carry a wider array of unique products because they buy for their own individual markets.

8. You take advantage of their expertise: You are their friends and

neighbors, and locally owned businesses have a vested interest in knowing how to serve you. They're passionate about what they do. Why not take advantage of it?

9. You invested in entrepreneurship: Creativity and entrepreneurship are what the American economy is founded upon. Nurturing local business ensures a strong community.

10. You made Blanchard a destination: The more interesting and unique Blanchard community, the more we will attract new neighbors, visitors and guests. This benefits everyone!

The City of Blanchard is committed to maintaining clean and attractive residential neighborhoods. To help accomplish this goal, the City of Blanchard has adopted regulations concerning the abatement of tall grass, weeds and trash.

The City of Blanchard Municipal Code concerning public nuisances and property enhancement requires that owners or responsible persons of property located within the municipal city limits are prohibited from allowing debris, junk, waste or trash to accumulate, or weeds or tall grass over twelve (12") inches in height, dead trees, bushes, and shrubs to grow or stand upon the premises. This

regulation is based upon the Oklahoma State Law Title 11, Section 22-111 which sets forth the procedure and definitions for the cleaning and mowing of property.

**Census
2020**

September 30th is the last chance to be counted in the federal census! The national deadline is scheduled for the end of this month (**September 30th**), so please complete your census ASAP!

Therefore, we need your help!!! The 2020 Census response rate is drastically low! To date, only 67% of Blanchard citizens have responded. Many of you may have not have replied due to the Covid-19 pandemic.

Critical community services, such as the school district, police, fire and other related funding, will be drastically cut if we do not get a more accurate head count. At the current response rate, we stand to lose as much as over four million dollars annually for the next 10 years, if

we do not get a more accurate census count.

However, you can still go online today to the 2020 U.S. Census. Then Click on the "RESPOND" button and simply follow the questions to complete the report electronically.
